SUMMARY

Detail-oriented, self-motivated, aspiring Software Developer with a Master's degree in Education and two years of experience in web development. Experienced in HTML, CSS, and JavaScript with knowledge of SQL and SEO best practices. Committed to continuous learning and professional growth. Excellent communicator and team player with a customer service orientation. Eager to leverage my skills to contribute to innovative web development projects, enhance user experiences, and drive successful outcomes in a collaborative, mission-driven environment. I am committed to utilizing my technical expertise and creative problem-solving abilities to support your organization's goals and make a tangible impact on your team's success.
